Chinese-language media analysis in Singapore

Project Title	Chinese-language media analysis in Singapore
Summary	Review Chinese-language Singaporean media and provide weekly summary of key topics and tone of coverage. This will help with our overall tracking public sentiment in the region on the United States, U.S. policy, and policy priority issues.
Country	United States

Project Description

Seeking support to enhance the Public Affairs department's ability to monitor current events, economic, political, and social trends, provide critical analysis and research on specific topics related to PAS goal and development.

Required Skills or Interests

Skill(s)
Analytical writing
Data analysis
Editing and proofreading
Political Analysis
Research
Writing

Additional Information

Skills needed: Fluent in reading and writing Mandarin Chinese and fluent in reading, writing, and speaking English.

This project will help the virtual student foreign service interns develop writing and communications skills, analysis, and research skills, as well as gain an understanding of the media sentiment in the region.
